ELECTRICAL CONSTRUCTION CAPITAL ACCOUNT

The Electrical Construction Capital Account is established for the purpose of constructing, maintaining and repairing street lighting and other public electric facilities, and for the purpose of purchasing and maintaining a stock of material and supplies in connection therewith, the expense of which is to be reimbursed from appropriations of City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges shall be based on the cost of furnishing construction labor, material and services, rented equipment, engineering labor and any applicable overhead including general and administrative overhead as determined by semi-annual, annual or other periodic rate studies initiated and/or approved by the Chairman of the Committee on Finance, City Comptroller and the Budget Director; further provided that charges for the use of trucks, compressors, mixers and other rolling and mechanical equipment shall be made on a unit rate per day or other unit as shall be determined by the Commissioner of Streets and Sanitation and approved by the Comptroller. Such unit rate or other basis of charge shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance, housing and operation of such rolling and mechanical equipment and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Electrical Construction Capital Account to a depreciation reserve fund and expended therefrom for the replacement of rolling and mechanical equipment.

BUREAU OF EQUIPMENT SERVICE

The Equipment Service Account is established for the purpose of maintaining, repairing, housing and operating rolling equipment, such as trucks, tractors, trailers and steam rollers and such other activities as this account may be equipped to furnish.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges for the use of such rolling equipment shall be made on a unit rate per day or other unit as shall be determined by the Commissioner of Streets and Sanitation and approved by the Comptroller. Such unit rate or other basis of charge shall be determined and shall be revised and adjusted from time to time on the basis of actual cost for furnishing the use of such equipment which cost shall include expense incidental to the maintenance, housing and operation of such rolling equipment and a reasonable and proper charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A complete cost record shall be kept showing the cost of maintaining and repairing the rolling equipment, the charges for depreciation and the cost of operating such equipment by each piece, or by type or group.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Equipment Service Account to a depreciation reserve fund and expended therefrom for the replacement of equipment and machinery.

Expenditures from this account are authorized for all expense for material, supplies, fuel, repairs, services and other expense and for maintenance of necessary stock, incident to the maintenance, housing and operation of rolling and other equipment.

Expenditures for salaries and wages are authorized for the following employes, at not to exceed the rate or number specified, for such period of time as may be necessary; including increments for schedule salary adjustments; and for vacation relief for Foremen.

Because of an overwhelming plurality vote I feel comfortable in serving in the U.S. Congress as the representative of all the people in the 1st Congressional District.

Therefore, with mixed emotions, I do hereby tender my resignation from this august body effective January 14, 1979.

I hasten to say that serving the people of the City of Chicago and particularly the people of the 21st Ward has been a joy beyond compare. The fellowship with you, the exchanges which climaxed many times in heated debate; the wise sayings; the knowledge and research all prepared me for the task which lies ahead.

The privilege of serving with all of you, the late Mayor Richard J. Daley, and the present Mayor Michael A. Bilandic in helping to keep Chicago afloat and "the City that works" is an honor bestowed upon me unparalled in history and it brings a joyous feeling of pride as I review our accomplishments as Alderman for the people of the 21st Ward.

I leave this Council knowing what my eyes have seen, my ears have heard, and my heart has felt is a rare gift excelled by none and equalled by few. There isn't any place that I can go, or anything that I can do that will give a greater feeling of pride than that I feel by having served the people of this city and especially of the 21st Ward, with your assistance, for the past 8 years.

I go to the United States Congress with one prayer, "Lord, give me the knowledge to know what is right to do (while there) and the courage to do it."

Sincerely yours,
(Signed) BENNETT M. STEWART,
Alderman, 21st Ward.

Section 1. Sections 181-1, 181-2, 181-2.1, 181-3, 181-6, 181-7, 181-7.1 and 181-10 of Chapter 181 of the Municipal Code of the City of Chicago are amended, such sections to read as follows, the added language appearing in Italics and the deleted language appearing within brackets:

181-1. It shall be unlawful for any individual to act as a funeral director, or assistant funeral director, or to move the dead body of any human being, or any part of such body from any hospital or institution, or from place to place within the city or from the city, or to cremate or deposit any human body in any vault within the city, or to inter or disinter, or in any manner dispose of, any dead human body or part thereof, or to prepare a dead body for burial or cremation, or to manage a funeral, or to conduct, manage, or be in charge of a funeral director's establishment or in any way to advertise or hold himself out to the public as a funeral director by card, sign, solicitation, or otherwise, without first obtaining a license as a funeral director or assistant funeral director from the [Department of Revenue] *City Clerk.*

In conducting any business under a license herein provided for, no licensee shall use, or join in using, as part of or in connection with the name under which said business is conducted, the name of any person who is not both licensed hereunder and actually engaged in said business; provided, however, that any person who on July 1, 1935 was engaged in the practice of funeral directing as defined in an act of the General Assembly of the State of Illinois entitled "An Act in relation to the regulation of persons engaged in the practice of funeral directing and embalming, and to repeal an Act therein named," filed July 8, 1935, as an owner, member or employee of a corporation, partnership or association so engaged, shall be permitted to continue to engage in the practice of funeral directing, as so defined, and to advertise publicly as being so engaged, if the said owner, member or employee shall have complied with all other provisions of this chapter.

181-2. Application for a license under this chapter shall be made to the Department of [Revenue] *Health and the fees paid to the Department of Revenue.* The applicant shall state his name and residence address, that a certificate of registration as a funeral director has been issued to him by the State of Illinois and the number of his state registration certificate, and the location of the establishment where he intends to engage in the business of funeral directing.

181-2.1. Every such applicant shall also furnish to the Department of [Revenue] *Health* evidence that he has successfully completed a course of instruction in a professional school or college teaching the practice of funeral directing, which is recognized and approved by the Illinois Department of Registration and Education; that he has knowledge of, and is familiar with, the state laws, the provisions of this code, and the rules and regulations of the Department of Health governing and concerning the removal, preparation and burial or cremation of the dead; and that such applicant has a practical knowledge of approved and sanitary methods of caring for dead bodies and preparing the same for burial or cremation, including the disinfection of dead bodies. The Department of [Revenue] *Health* shall give to each applicant not less than three days' notice of the time when the applicant will be required to furnish the said evidence of his qualifications. Each applicant shall further furnish to the department evidence that the applicant maintains a funeral directing establishment in the city, and that he is of good moral character and a fit person to be licensed as a funeral director. No license shall be issued unless the foregoing requirements have been complied with, and the applicant has successfully passed a written examination administered by the Department of Health.

181-3. No morgue or funeral directing establishment shall be conducted or operated on or along any boulevard or mall, or in any block on any street in which one-third of the buildings on both sides of the street in such block are used exclusively for residential purposes, without the written consent of a majority of the property owners according to the frontage on both sides of the boulevard, or street in the block in which it is proposed to conduct or operate such morgue or funeral directing establishment.

Frontage consents, when required under this section, shall be obtained and filed with the Department of [Revenue] *Health* before a license shall be issued to a funeral director for the premises sought to be used by such license.

181-6. No individual other than a licensed funeral director, or authorized assistant, shall be permitted to manage or control any funeral directing establishment, or to prepare dead bodies for burial or cremation, other than the embalming by a state licensed embalmer, or to manage or conduct funerals in the capacity of a funeral director; provided, that when any individual licensed as a funeral director hereunder shall desire to have any establishment in which he is licensed to conduct or operate a funeral directing establishment, be conducted or operated for him by any agent, assistant, clerk or employee, or if he shall desire to have more than one assistant in charge of, or to conduct funerals from any

place in which he is so licensed, he shall be permitted to do so upon making application to the Department of [Revenue] *Health* for that purpose, setting out in such application the name and residence of the person whom he desires to have act for him as aforesaid, and upon his furnishing satisfactory evidence to said department that such person is qualified to act as a funeral director and possesses the same qualifications as are required to be possessed by applicants for a license as a funeral director under this chapter; provided, however, that if such funeral director desires to have more than one person act as such assistant, a separate application shall be filed in like manner for each such assistant.

Upon receipt of such application and successful completion of a written examination administered by the Department of Health and upon payment of a fee of ten dollars to the Department of Revenue, a certificate authorizing the applicant to act as a funeral director's assistant shall be issued. Such certificate shall be valid only at the location described in the application and only valid during the term of the license held by such applicant. A separate fee of ten dollars shall be required for each additional application for a funeral director's assistant where more than one assistant is employed.

Any registered funeral director's assistant whose certificate has expired while he has been engaged (1) in federal service on active duty with the Army of the United States, the United States Navy, the Marine Corps, the Coast Guard, or the State Militia called into the service or training of the United States of America, or (2) in training or education under the supervision of the United States preliminary to induction into the military service, may have his certificate renewed without passing any examination, if within one year after termination of such service, training or education other than by dishonorable discharge, he furnishes the Department of [Revenue] *Health* with an affidavit to the effect that he has been so engaged and that his service, training or education has been so terminated.

181-7. The license certificate obtained under this chapter shall be kept posted, for the period of such license in a conspicuous place of the licensed premises, and if such establishment be in charge or control or under the management of a duly authorized assistant or assistants, in addition thereto there shall also be kept the certificate or certificates of such assistant or assistants during the period for which such certificate or certificates is or are issued, in the same manner as is provided for the posting of the funeral director's license; provided, that if at any time the issuance of any assistant's certificate, said assistant shall cease to be in actual charge of said establishment, or, if any assistant shall cease to be in the active and exclusive employ of such duly licensed funeral director, it shall be the duty of such assistant, or the person holding the license for said establishment, to surrender forthwith and deliver to the Department of Health the certificate and license so issued. No license or certificate shall be allowed to remain posted after the expiration of the period for which such license or certificate was issued.

The [Department of Revenue] *City Clerk* shall cause to be issued, on an annual basis, a license ID card of wallet size which shall contain the name of the licensee, a current photograph [supplied by the licensee], the address of his principal place of business, his Chicago license number and the designation "A" for the funeral director and "B" for funeral director's assistant. In addition, the "B" designation shall be followed by the name of the funeral director's establishment for whom the funeral director's assistant is employed.

This ID card must be carried on the person of each licensee when in the process of conducting business. If requested to do so, said licensee shall present this ID card to any person or persons involved in making arrangements for the handling, transporting, or burying of dead human remains as well as to those individuals involved in the regulating of the funeral directing industry.

All funeral director and assistant licenses expire on the 31st day of December of the year for which the license was issued. All licenses not renewed by March 1st of the following year can only be renewed on the payment of a reinstatement fee of $25.00 *to the Department of Revenue.*

181-7.1. When a certificate authorizing a person named therein to act as a funeral director, or funeral director's assistant is surrendered to the Department of [Revenue] *Health* for the reason that such person has ceased to be in actual charge of a funeral directing place, or has ceased to be in the active and exclusive employ of the licensed funeral director on whose application said certificate was issued, the person named in such certificate as authorized to act as a funeral director, or funeral director's assistant shall, upon his making the application and paying the fee herein provided for, be entitled to receive a certificate which shall be known as a no-license certificate and which shall entitle him to receive a certificate authorizing him to act as a funeral director's assistant, upon each subsequent application by a person qualified to apply for the certificate under the provisions of Section 181-6 of this Chapter. Upon the making of such last-named application, said no-license certificate shall be sufficient evidence to said Department of [Revenue] *Health* that the person named therein is qualified to receive a certificate authorizing him to act as a funeral director's assistant unless the Department of [Revenue] *Health* shall be in the possession of evidence which affirmatively shows the contrary.

The fee for the issuance of such no-license certificate shall be five dollars, which shall be paid to the Department of Revenue prior to the issuance thereof. Each no-license certificate shall be in force during one year following the date of its issuance and may, upon application to the Department of [Revenue] *Health* be renewed annually upon the payment of one dollar for each such renewal.

181-10. Upon the revocation of any license or assistant's certificate issued pursuant to this Chapter, the licensee, or, in the case of a certificate, the person named in such certificate, shall forthwith surrender and deliver to the Department of [Revenue] *Health* the license certificate or assistant's certificate so revoked. If any person licensed hereunder, or the holder of any assistant's certificate issued hereunder shall neglect, fail, or refuse to surrender and deliver such certificate, the Department of Revenue shall have power, and it shall be its duty, to seize and destroy such revoked certificate.

Section 2. This ordinance shall be in force and effect from and after its passage.

Such consent shall be obtained at some time after it is determined that the estimated price is insufficient and before the work estimated is done or parts estimated are supplied. A customer may, however, waive the right of written estimate if such waiver is voluntary and without coercion on the part of the licensee.

Upon request of the customer, at the time the work order is taken, the motor vehicle repair shop shall return replaced parts to the customer upon the completion of the work excepting such parts as the motor vehicle repair shop is required to return to the manufacturer or distributor under a written warranty arrangement or exchange agreement.

All repair work done by a motor vehicle repair shop, including all warranty work, shall be recorded on an invoice and shall describe all work done, all parts supplied, including the name of the manufacturer of such parts and the total price charged for all parts and labor. The name of any distributor giving a warranty of 90 days or more and/or 3,000 miles may be recorded on the invoice in lieu of the name of the manufacturer of the parts. If any used, rebuilt, or reconditioned parts are supplied, each invoice shall clearly state that fact. If a part of a component system is composed of new and used, rebuilt, or reconditioned parts, such invoice shall clearly state that fact. One copy of such invoice shall be given to the customer and one copy shall be retained by the motor vehicle repair shop for a period of two years from the date of repair.

All repair work performed by the motor vehicle repair shop and all parts used to perform such repairs shall be warranted for a minimum of 90 days and/or 3,000 miles or there shall be a statement on the estimate and invoice to the effect that the work performed or parts supplied by the motor vehicle repair shop are not warranted for said period. The Commissioner of Consumer Services shall adopt by regulation uniform notice for use by all motor vehicle repair shops regarding warranties.

If repair work and/or parts supplied is subject to a warranty such warranty shall be made available to the customer in writing. In addition, the customer shall be furnished with all warranty information as required by the Federal Trade Commission Improvement Act (15 U.S.C. Section 2301) and regulations issued pursuant to said Act.

156.2-6. Each person or motor vehicle repair shop licensed pursuant to Chapter 101 of the Municipal Code of the City of Chicago is required to maintain for a period of three years subsequent to the acquisition, disposal, wrecking, rebuilding or scrapping of vehicles or parts thereof a uniform record of such transactions at his principal place of business. Such records shall be kept in a ledger commonly referred to as a "Police Book". The "Police Book" shall be a double-entry type ledger reflecting the required information at the time of acquisition and at the time of disposal. The required information shall be, but without limitation, as required hereunder.

1. Upon the purchase, receipt or acquisition of vehicles, parts, bodies or engines, the following information must be recorded:

MISCELLANEOUS BUSINESS.

Committee Discharged—**Ordinance Authorized for Grant of Easement to Limit Improvements at No. 1364 N. State Pkwy.**

Alderman Natarus presented the following motion:

"I move to Temporarily Suspend the Rules and Discharge the Committee on Local Industries, Streets and Alleys from consideration of an ordinance granting a preservation easement from Peter and Justine Powles to the City of Chicago, introduced on December 4, 1978 C.J.P. p. 8798, and referred to said committee on said date."

The motion to Suspend the Rules and Discharge the Committee *Prevailed.*

The said proposed ordinance reads as follows:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mayor is authorized to accept on behalf of the City of Chicago, upon the approval of the Corporation Counsel as to form and legality, a certain grant of easement from Peter B. Powles, Justine I. Powles and American National Bank and Trust Company of Chicago as trustee under Trust No. 40610, such grant of easement being a preservation easement which limits the improvements to be made upon the grantors' property at No. 1364 N. State Parkway, to those consistent with the "Gold Coast Historic District" registered on the National Register of Historic Places of the United States Department of the Interior. Said easement is substantially in the following form:

Grant of Easement for Preservation Purposes

This deed is made this 13th of November, 1978, by and between the American National Bank & Trust Company of Chicago as Trustee under Trust No. 40610 and Peter B. and Justine I. Powles as sole beneficiaries of the said trust, all as grantors in favor of the City of Chicago as grantee.

Whereas:

1. The City Council of the City of Chicago has enacted an Ordinance providing for the preservation, protection, enhancement and perpetuation of districts and buildings which constitute historical or architectural landmarks; and

2. The said ordinance was adopted to achieve purposes similar to the United States National Historic Preservation Act of 1966; and

3. The property owned by the grantors located at 1364 North State Parkway is a building of historic significance located within the "Gold Coast Historic District" registered in the "National Register" maintained by the Secretary of the Interior of the United States of America; and

4. The grantors and the City of Chicago seek to preserve the aesthetic, cultural and visual character of the Gold Coast Registered Historic District; and

5. By this deed the grantors intend to limit their right to demolish the said property and build thereon other larger structures, intending that the property should remain what is commonly known as a "brownstone" building; and

6. This deed and the easement granted herein will limit the grantors' estate in the subject property and will prevent such future development on the part of the grantors as would otherwise maximize the grantors' economic utilization of the property;

Now, Therefore, the grantors, for consideration of one dollar ($1.00) receipt of which is hereby acknowledged, grant, gift and devise to the City of Chicago, a municipal corporation, organized and existing under the laws of the State of Illinois, as grantee, and to its successors and assigns, an easement in all that certain parcel of land legally described as follows: Lot 1 and that part of the 15 foot strip marked private alley lying west of the adjoining said Lot 1 in Bartholomaes Resubdivision of Lots 1 and 4 inclusive in Erpeldings Subdivision of Lots 11 and 12 in Bronson's addition to Chicago in Section 4. Township 39 North, Range 14 East of the Third Principal Meridian, in Cook County, Illinois, and commonly known as No. 1364 N. State Parkway in the City of Chicago, County of Cook, State of Illinois, and in all of the improvements thereon, the terms of which easement are as follows:

1. The grantors and their successors or assigns shall not without the consent of the grantee duly obtained, demolish or reconstruct any improvement on the subject property; or alter or add to the improvements on the said property in such manner as to significantly change its visual appearance and character, and, in particular, shall not construct on the subject property any high-rise or comparable building. Exhibit A attached hereto and made a part hereof represents the appearance of said improvements which this easement is intended to preserve.

2. The easement and rights hereby created shall be perpetual in duration. The said easement is in gross and is assignable and runs with the land as an incorporeal property interest in the land, enforceable by the grantee with respect to the property as against the grantors and all of the grantors heirs, successors and assigns. Said grant shall also be appurtenant to, and shall benefit the publicly owned streets, alleys and other public rights of way adjacent of the subject property.

3. The grantors agree that notice of the terms and conditions, restrictions, and purposes of this easement shall be inserted by them in any subsequent deed, or other legal instrument by which they divest themselves of either the fee simple title to or their possessory interest in the subject property. Every person accepting a deed to or other interest with respect to the subject property shall be deemed to accept the said deed or other interest with the understanding that he is also bound by the provisions herein contained and every person accepting such a deed or interest by accepting such deed or other interest shall thereby consent and agree to be bound by the covenants herein contained to the same extent as though he had signed this easement.

4. Upon any breach of the terms of this easement by the grantors, or their successors in interest, the grantee shall have the right to order the restoration of, or the construction of improvements on the property so that the improvements shall conform to the requirements set forth in this easement. In addition, the grantee may enjoin any breach or enforce any covenant of this agreement by means of an injunction. The specified rights shall be cumulative and shall be in addition to any other rights and remedies available to the grantee, at law or in equity. All provisions of this easement shall be enforceable without the necessity of the grantee showing any financial or pecuniary harm to itself or to the public.

5. Any failure by the grantee to enforce any provision of this easement shall not be deemed a waiver of that provision or of any other provision of this easement.

In Witness Whereof, Peter B. and Justine I. Powles, his wife, have executed these presents upon the day and year stated above.

[Signature forms omitted for printing purposes]

SECTION 2. This ordinance shall be in full force and effect from and after its passage.

On motion of Alderman Natarus the foregoing proposed ordinance was *Passed,* by yeas and nays as follows:

SECTION 1. That Section 7-66 of Chapter 7 of The Municipal Code of the City of Chicago is amended, the changes or additional language inserted being set out in Italics, the language deleted in brackets, as follows:

7-66. The City of Chicago, acting by its City Council, shall in the year 1973 levy a tax upon all the taxable property in the municipality at a rate that will produce not to exceed $8,000,000 upon the valuation to be ascertained by the assessment of such property for the purposes of taxation in the year 1973, and every year thereafter the City shall levy a tax on all taxable property not to exceed $4,500,000 upon the valuation thereof. This tax, when levied, shall be for the purpose of paying tort judgments, judgments for damage to or for the taking of private property for public use, or any other judgments entered against the City of Chicago. This tax shall be levied and collected in the same manner as the general taxes of the municipality. All money received from this tax shall be set apart in a separate fund and shall be used solely for the purpose of paying judgments as provided for in this ordinance. Judgments against the City of Chicago shall be paid out of this fund in order in which the judgments were obtained. This order of payment shall not apply to judgments of $1,000 or less, which judgments may be paid out of said order and in the order in which these judgments of $1,000 or less were obtained.

Interest accrued on these judgments shall be paid with the principal thereof. However, the interest accrued to any particular date on all judgments payable out of this fund may be paid ratably at any time without payment of the principal thereof. The Issuer covenants and agrees that should there be a default under the Agreement, the Issuer shall fully cooperate with the Bank and any other owner of the Bonds to the end of fully protecting the rights and security of the Bank and any other bondholders. Nothing herein shall be construed as requiring the Issuer to operate the Project or to use any funds or revenues from any source other than funds and revenues derived from the Agreement.

Any amounts remaining in the Bond Fund, after payment in full of the principal installments of, premium, if any, and interest on the Bonds (or provision for payment thereof as provided in this Ordinance) and the charges and expenses of the Bank, shall be paid to the Company as provided herein and in Section 9.5 of the Agreement.

As and when any amount invested pursuant to this Section may be needed for disbursement, the Authorized Company Representative may direct the Bank to cause a sufficient amount of the investments to be sold and reduced to cash to the credit of such funds regardless of the loss on such liquidation.

B. ADOPTION AND DEFINITION OF THE COMPENSATION PLAN

(1) *Adoption of the Compensation Plan.*

(a) The salary schedules, including a range of pay for each class grade, as set forth in Schedules B, D, E, G, and S. Base Salary Schedules for career service classified positions, except positions with single rates, and positions in the exempt offices; Schedule C. Longevity Salary Schedule for the positions covered by Schedule B hereof shall constitute the compensation plan for the City employees in departments which are subject to the control of the Mayor and the City Council. The class grade for each class of positions as specified in Schedule A as on file with the Department of Personnel shall determine the salary range applicable to all positions of the class.

(b) The Department of Personnel will maintain complete class specifications including minimum education and/or experience requirements for all positions in the Technical Service Salary Plan. Before an employee may be appointed to a position in the Technical Service Salary Plan, he must be recommended by the appointing authority and his education and/or experience must be approved by the Director of Personnel and the Mayor's Office as meeting the minimum requirements of the class specification.

(c) The salary schedule for Physicians and Dentists shall be as set forth in Schedule E. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at an entrance rate, and advancements by successive steps from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the period specified in the schedule for each category of Dentist, Medical General Practitioner or Medical Specialist. Additional compensation may be paid for each Medical Practitioner upon his becoming Board Certified as specified in Schedule E III. Supervisory responsibility will be recognized in Salary Schedule E IV by the payment of additional compensation as delineated in the Supervisory responsibility category.

(2) *Salary Schedules.*

Each salary range in Schedule B, G, and S includes an entrance rate, intermediate rates and a top rate. Except as otherwise provided herein, the salary upon initial appointment to any positions shall be at the entrance rate and advancement by successive steps from a specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the periods specified in the schedules.

The salary rates prescribed in the salary schedules are fixed on the basis of full-time service for normal work weeks of 35 to 40 hours, except as indicated otherwise for certain classes in Schedule A on file with the Department of Personnel. For positions which are professional, supervisory and executive in character, the normal work weeks of 35 to 40 hours generally apply, but the compensation is intended to be appropriate for the class regardless of variations in the time that may be required to satisfactorily fulfill the responsibilities of the positions.

(6) *Computation of Salaries of Part-Time Employees.*

Service requirements for advancement within the salary ranges and for other purposes as specified in this resolution shall have the implication of continuous service with the City of Chicago, including the positions which are exempt from the jurisdiction of the Department of Personnel. Absence from the City service on leave without pay for periods in excess of 30 days, all suspensions, time after layoffs for more than 30 days and all absences without leave shall be deducted in computing total continuous service. All separations, discharges and resignations not followed by an application for reinstatement within one year, shall interrupt continuous service and shall result in the loss of all prior service credits. Time on a career service reinstatement list of more than two years, where at least one offer of re-employment has been made and waived or refused, shall interrupt continuous service and shall result in the loss of all service credit. Personnel who are paid by voucher shall receive no credit for continuity of service for the period they are paid by voucher.

Uniformed Firefighters may receive credit only for service with the Chicago Fire Department, and Sworn Police Personnel may receive credit only for service with the Chicago Police Department for the purpose of advancement within the salary schedules, provided that the above interpretation of continuous service shall apply.

Seasonal employment of less than 120 calendar days in any year shall not be credited toward continuity of service.

Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuity of service for the time worked.

(8) *Medical Insurance Coverage.*

Each company shall file said reports on or before the first day of August and the first day of February for the prior six months ending on June 30 and December 31.

The enrollment period shall commence on January 2nd and shall terminate on January 31st of each year, except for new employees who shall be eligible for coverage upon request. All employees shall have not less than 90 days accumulated employment with the City in order to be eligible for coverage. Changes in coverage within a group plan will only be made on the 1st of each month with the approval of the City Comptroller. Where more than one member of a family is employed by the City, only one coverage will be allowed.

C. APPLICATION AND INTERPRETATION OF THE EMPLOYEE BENEFIT AND COMPENSATION PLAN

(1) *Starting Rate on Initial Employment.*

Original appointments to any positions shall be made at the entrance rate of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation by the department head and approval of the Director of Personnel, the Budget Director and the Chairman of the Committee on Finance of the City Council, original appointment may be made at a base rate above the normal entrance rate. Entrance above the base rate shall be based on the outstanding and unusual character of the applicants education, experience and training over and above the minimum qualifications specified for the class.

(2) *Starting Rate on Return to Duty.*

When an employee returns to duty in a position of the same class grade after a separation from the City service of not more than one calendar year, which separation was not due to discharge or resignation for cause, such employee shall receive the rate in the applicable salary range of the step corresponding to the step at which paid at the time of separation, and shall subsequently serve thereat for at least such additional period as required for advancement to the next higher step.

(3) *Starting Rate Following Promotion.*

When an employee is promoted from one position to a position in a higher class grade, except in Schedule E, such employee shall be paid at a rate that will provide an increase in salary of approximately five percent over the last salary paid, except that such employee shall be paid at least the entrance rate of the new position, even though this may produce an increase in excess of the aforementioned limitation. This action shall be effective on the first day of a pay period and shall not precede the receipt of the Personnel Action Report (PER 14) at the Department of Personnel.

(4) *Starting Rate of Reclassification of Position.*

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, except in Schedule E the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

In the event that the class grade for a class of positions is changed to a higher class grade by the appropriate authority, the incumbent of such position shall retain the rate of pay received in the former grade, and shall receive such rate of pay for such additional period as may be required for advancement to the next higher rate of pay, provided that such employees shall be paid at least the entrance rate for the new grade.

In the event that the class grade for a class of positions is changed to a lower class grade by the appropriate authority, the incumbents of such positions shall retain the salary received in the higher salary range.

(5) *Starting Rate on Appointment to a Position of a Lower Class Grade.*

In the event that an employee is appointed to a position of a lower class grade than that of his former position; such employee shall be paid at the same step in the lower class grade as he had been paid in the higher class grade, provided that when an employee receives a career service promotion which is of a lower class grade than the position in which he is employed, the salary of said employee in the new position shall be based upon length of service in the position from which he is being promoted plus the length of service in the higher class grade position.

(6) *Anniversary Dates and Salary Schedule Advancement Following Salary Adjustment.*

After initial appointment to a classified position under the jurisdiction of the Department of Personnel or to a position in the exempt offices, the anniversary date for an employee for purposes of advancement within a salary range shall be adjusted to coincide with the date of any action which increases the pay of the employee. Such action may be in the form of pay advancement within a salary range, promotion, reclassification of the position or change of class grade of the position.

(7) *Limitation of Salary Adjustments.*

Personnel actions which result in increases in pay by means of advancement within a salary range, promotions, reclassification or position, or change of class grade or position shall be made as set forth herein, provided that no employee shall receive the benefit of more than two such actions in any calendar year, unless a supplemental action is recommended by the department head and is approved by the Director of Personnel, the Budget Director and the Chairman of the Committee on Finance of the City Council.

(8) *Accumulation of Service in One Class of Positions.*

Whenever an employee accepts work of the same or of a higher level under a different class of positions and later returns to his former same or lower position, his term of employment under such different class of positions shall apply on and be added to his term of service in the same or lower level class upon his return to same, for the purpose of determining the appropriate rate of pay within the range appropriate for the class; provided his employment in the City service has been continuous as hereinbefore defined.

(9) *Recommendations for Pay Advancement within a Salary Range.*

The department head concerned shall recommend to the Director of Personnel the advance in salary of each employee whose performance merits a step increase and who, in addition has met the requirements for salary advancement within the range for the position in accordance with the service requirement specified in Section B dealing with the various salary schedules. The recommendation should include a certification that the employee has at a minimum a performance rating that falls within the range characterized as "Good" as described in the Performance Rating Guide issued by the Department of Personnel.

The effective date of any advancement within the Compensation Plan shall be at the first day of the next pay period following the date advancement is recommended and authorized as provided herein and approved by the Department of Personnel or by the appointing authority for positions in the exempt offices.

Any fraction will be rounded off to the nearest whole number of days.

(b) No employee while on leave of absence or leave without pay status may earn vacation credit except where such leave was adjudged eligible for duty disability. Vacation leave will be reduced in proportion to the length of leave (excluding leave of absence for duty disability) during the prior calendar year. However, vacation time accrued while working for another public agency shall not be transferable.

(3) *Sick Leave.*

Each salaried employee in a classified position under the jurisdiction of the Department of Personnel may be alloted sick leave with pay for periods not exceeding twelve (12) working days in the aggregate during each calendar year on account of sickness or related cause of absence which may be considered by the department head a sufficient and legitimate excuse for the employee's failure to be present and in attendance upon his or her duties. Each salaried employee appointed after January 1st of a calendar year, shall be allowed sick leave at the rate of one day for each month of employment.

Each prevailing rate employee in a classified position under the jurisdiction of the Department of Personnel may be alloted sick leave with pay for periods not exceeding three (3) working days in the aggregate during each calendar year on account of sickness or related cause of absence which may be considered by the department head a sufficient and legitimate excuse for the employee's failure to be present and in attendance upon his or her duties, The reason for the absence and the good faith of the employee in making the application for such leave shall be shown to the department by such reasonable evidence as may be required by the Director of Personnel. Each prevailing rate employee appointed after January 1st of a calendar year, shall be allowed sick leave at a rate of one day for each four months of employment.

Part-time salaried employees who have worked at least 50% of full time in the prior calendar year shall be granted sick leave on a prorated basis.

(5) *Extended Sick Leave.*

Vacation and sick leave may be combined in the event of a long continued sickness. In the unusual case of an employee whose continued sickness extends beyond the amount of vacation and sick leave earned by the employee, the department head may request approval for extended sick leave, with pay, of the Chairman of the Committee on Finance. Such request shall be submitted in the appropriate form.

Extended sick leave shall be granted on the basis of calendar days and shall so be construed for payroll purposes.

(6) *Exceptions to Vacation and Sick Leave Schedules.*

Provided, however, that the foregoing provisions with respect to holidays, vacations and sick leave are not applicable to the Uniformed Firefighters, Sworn Police Personnel, Civilian Crossing Guards and employees of the Chicago Public Library, except Section G (2), (f), which shall apply to Uniformed Firefighters, Sworn Police Personnel and employees of the Chicago Public Library.

Said license shall be issued in accordance with the provision of Chapter 101 of the Municipal Code of the City of Chicago upon favorable recommendation from the Department of Consumer Services, and upon payment of the fee prescribed in this chapter.

No license shall be required for any person or company who repairs, replaces, reconditions, adjusts, analyzes, or alters the operating condition of his own or a family member's motor vehicle and for which there is evidence of ownership thereof or who engages solely in the business of repairing motor vehicles for a single commercial, industrial, or governmental establishment or two or more establishments related by common ownership or corporate affiliation or who engages solely in the business of distributing motor vehicle parts.

Such consent shall be obtained at some time after it is determined that the estimated price is insufficient and before the work estimated is done or parts estimated are supplied. A customer may, however, waive the right of written estimate if such waiver is voluntary and without coercion on the part of the licensee.

Upon request of the customer, at the time the work order is taken, the motor vehicle repair shop shall return replaced parts to the customer upon the completion of the work excepting such parts as the motor vehicle repair shop is required to return to the manufacturer or distributor under a written warranty arrangement or exchange agreement.

The name of any distributor giving a warranty of 90 days or more and/or 3,000 miles may be recorded on the invoice in lieu of the name of the manufacturer of the parts. If any used, rebuilt, or reconditioned parts are supplied, each invoice shall clearly state that fact. If a part of a component system is composed of new and used, rebuilt, or reconditioned parts, such invoice shall clearly state that fact. One copy of such invoice shall be given to the customer and one copy shall be retained by the motor vehicle repair shop for a period of two years from the date of repair.

All repair work performed by the motor vehicle repair shop and all parts used to perform such repairs shall be warranted for a minimum of 90 days and/or 3,000 miles or there shall be a statement on the estimate and invoice to the effect that the work performed or parts supplied by the motor vehicle repair shop are not warranted for said period. The Commissioner of Consumer Services shall adopt by regulation uniform notice for use by all motor vehicle repair shops regarding warranties.

Call for Special Meeting Read.

John C. Marcin, City Clerk, informed the City Council that the following call for the meeting was filed in his office on February 1, 1979 at 12:20 P.M.

February 1, 1979.

Honorable John C. Marcin,
City Clerk, City of Chicago:

The undersigned aldermen of the City of Chicago hereby call a special meeting of the City Council of the City of Chicago for Tuesday, February 6, 1979 at 10:00 a.m. for the sole and only purpose of considering a resolution to create a special committee consisting of all members of the City Council to investigate the preparedness of the City of Chicago and the Chicago Transit Authority to provide services during snow emergencies and to study methods for improving services by the Chicago Transit Authority and the ability of the City of Chicago to clear streets and alleys, and to study the effect of the snow emergency on the City's budget for 1979, a copy of which is attached hereto, and for no other purpose whatsoever.

This call for a special meeting of the City Council is made at the direction of the following aldermen as authorized by law for the above mentioned purpose.

(Signed) MARTIN J. OBERMAN (43rd Ward)
(Signed) DICK SIMPSON (44th Ward)
(Signed) ROSS LATHROP (5th Ward)

The following is said resolution attached to the foregoing "Call":

Whereas, The City of Chicago has received extremely heavy snowfalls during the month of January, 1979; and

Whereas, The City of Chicago has based its preparedness for snow removal on an average annual snowfall of approximately thirty-nine inches and in fact there were more than eighty-two inches of snow during 1977-78 and more than seventy inches of snow have fallen so far in 1979; and

Whereas, It is the responsibility of the City of Chicago to remove such snow from the public ways to facilitate travel for the citizens of Chicago as well as visitors to our City; and

Whereas, The specific responsibility for snow removal is with the Department of Streets and Sanitation; and

Whereas, Despite the enormous resources of the Department and the effort of its personnel since the heavy snowfall during the weekend of January 13-14, many of the arterial as well as side streets and alleys in the City remain filled with ice and snow resulting in nearly impossible passage for both pedestrians and motorists; and

Whereas, The Chicago Transit Authority has the responsibility for providing safe and efficient public transportation for Chicago's citizens; and

Whereas, Nearly three weeks after the snowfall of January 13-14, public transportation has remained in great disarray because of the inability of the Chicago Transit Authority to cope with snow emergencies; and

Whereas, It is apparent that neither the City of Chicago nor the Chicago Transit Authority has a comprehensive and effective plan for the removal of snow; and

Whereas, Neither the City of Chicago nor the Chicago Transit Authority possesses sufficient amounts of adequate equipment for removing snow or appears to have a plan for obtaining the use of such equipment on short notice; and

Whereas, It appears that the City has already greatly exceeded its normal budget for snow removal and said additional expenditures may require significant modifications in the budget for 1979; and

Whereas, The City administration has authorized the expenditure of $90,000 to an outside consultant to devise a snow removal plan which is wholly inadequate; and

Whereas, The City of Chicago may suffer additional heavy snowfalls during the current winter season which will again threaten the life and safety of Chicago citizens unless both the City administration and the Chicago Transit Authority are adequately prepared to handle such emergencies; and

Whereas, On January 19, 1979 the City Council recessed until March 1, 1979 and therefore, without scheduling a special meeting, will be unable to solve the serious snow removal problems; and

Whereas, Other cities in the United States and Canada have appeared to be able to remove snow from the streets more quickly than in Chicago; now, therefore

Be It Resolved by the City Council of the City of Chicago that:

1. A special committee is created for the purpose of:

(a) inquiring into the failure of the Chicago Transit Authority to provide adequate mass transportation service during periods of heavy snow and specifically the failure of the Chicago Transit Authority to restore normal service three weeks after the heavy snowfall on January 13-14;

(b) inquiring into the methods and programs used by the Department of Streets and Sanitation to clear the arterial and side streets and alleys of snow and ice, and specifically, to investigate the reasons for the inability of the Department to adequately cope with the heavy snowfall of January 13-14;

(c) receiving a report as to the amount of funds expended thus far on the snow removal effort and ascertaining whether additional funds need to be appropriated;

(d) determining whether any changes need to be made in the City's budget for 1979 as a result of unpredicted additional expenditures for snow removal;

(e) hearing testimony from officials of the City administration and the Chicago Transit Authority; and

(f) receiving reports and analyses and suggestions from any person, including experts in snow removal and mass transportation from other cities, as to how to improve the City's inability to respond to snow emergencies.

2. Said committee shall consist of all members of the City Council.

3. Said special committee shall convene immediately following the special City Council meeting to be held on February 6, 1979 and shall call as its first witnesses the following persons:

James McDonough, Chairman of the Chicago Transit Authority:

George Krambles, Executive Director of the Chicago Transit Authority;

Lewis W. Hill, Chairman of the Regional Transit Authority;

Francis Degnan, Commissioner of Streets and Sanitation;

Peter Schivarelli, Deputy Commissioner, Bureau of Sanitation; and

Kenneth Sain, City Consultant.

4. Said committee shall meet thereafter as soon as possible and from time to time in order to complete its work.

5. Said committee shall issue a report setting forth specific plans for adequately dealing with heavy snowfalls including specifications as to the manner in which streets and alleys shall be kept open and the manner in which the Chicago Transit Authority shall provide adequate service during periods of heavy snowfall.

6. Said committee shall make any necessary recommendation as to modifications in the budget for the City of Chicago for 1979 as a result of the snow emergencies suffered by the City of Chicago.

Alderman Frost moved to *Suspend the Rules Temporarily* to permit the presentation of a substitute resolution. The motion *Prevailed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Sawyer, Wilinski, Adduci, Vrdolyak, Huels, Kwak, Madrzyk, Burke, Jaksy, Barden, Kellam, Kelley, Stemberk, Lipinski, Marzullo, Ray, Cross, Hagopian, Keane, Gabinski, Mell, Frost, Laskowski, Aiello, Casey, Gutstein, Pucinski, Natarus, Axelrod, Stone—34.

Nays—Aldermen Lathrop, Humes, Rhodes, Oberman, Simpson, Volini—6.

The following is said substitute resolution:

WHEREAS, The City of Chicago has received an unprecedented, record-breaking snowfall during the month of January, 1979; and

WHEREAS, The City of Chicago has had an average annual snowfall of approximately thirty-nine inches, more than eighty-two inches fell on Chicago during 1977-1978 and more than seventy-nine inches of snow has fallen so far in the 1978-1979 snow season; and

WHEREAS, Because we still have the rest of February and all of March in this year's snow season, it appears certain all records will be broken for snowfall this year; and

WHEREAS, During the month of January, 1979, alone, Chicago suffered a record-breaking snowfall of forty-six inches in three devastating snow blizzards; and

WHEREAS, Chicago has more than 1,000 miles of arterial streets and 3,000 miles of residential streets which were devastated by this unprecedented snowfall; and

WHEREAS, Millions of tons of snow had to be mechanically removed because the deep freeze during the entire month of January prevented melting or evaporation of snow; and

WHEREAS, Despite these hardships, the City of Chicago, through the extraordinary effort of its personnel, has made all arterial streets passable, including 1,300 miles of primary and secondary arterial streets, and 500 miles of arterial streets cleared from curb to curb; and

WHEREAS, A massive effort was made to make residential streets passable and to reopen the City's residential streets to vehicular traffic; and

WHEREAS, A continuing effort is being waged to clear alleys and to facilitate refuse removal; and

WHEREAS, The herculean effort of city crews has resulted in moving more than 2 million tons of snow to date from streets alone; and

WHEREAS, The biggest problem in snow removal and opening routes for mass transit were cars illegally parked or abandoned in city streets; and

WHEREAS, The extreme snowfall aggravated by continuing freezing conditions, mass transportation encountered mechanical problems similar to those experienced throughout the nation in extremely adverse weather; now, therefore,

Be It Resolved by the City Council of the City of Chicago: That the City Council concurs in Mayor Bilandic's leadership and his appointment of a special committee to conduct a comprehensive analysis of parking, the movement of traffic and the problem of removal and relocation of parked and abandoned autos in adverse weather conditions under the population density and street configuration throughout the 225 square miles of Chicago; and

Be It Further Resolved, That the City Council endorses and adopts Mayor Bilandic's proposal that the American Public Transit Association study the problems which mass transportation encounters in severe weather. This highly respected national organization specializes in solving mass transit problems; and has been called upon to address the mechanical and technical problems that are common to mass transit carriers in the snow belt; and as part of this study, this highly respected association will look into problems and propose solutions particularly applicable to the Chicago Transit Authority; and

Be It Further Resolved, That the City Council awaits the recommendations of this special committee so that it can take the necessary legislative steps to enact such ordinances as the Council may deem appropriate; and

Be It Further Resolved, That the City Council urges the special committee and the American Public Transit Association to complete its work as soon as possible so that all necessary steps can be taken prior to the 1979-1980 snow season.

After debate, Alderman Vrdolyak moved the Previous Question. The Chair then stated "Shall the main question now be put?"

The question being put, the motion *Prevailed,* and the foregoing substitute resolution was *Adopted,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Evans, Sawyer, Wilinski, Humes, Adduci, Vrdolyak, Huels, Kwak, Madrzyk, Burke, Jaksy, Barden, Kellam, Kelley, Stemberk, Lipinski, Marzullo, Ray, Cross, Hagopian, Keane, Gabinski, Mell, Frost, Laskowski, Aiello, Casey, Gutstein, Pucinski, Natarus, Axelrod, Stone—35.

Nays—Aldermen Lathrop, Rhodes, Oberman, Simpson, Volini—5.
